Ms. Wendy Austrie  
Policy Division  
Wireless Telecommunications Bureau  
Federal Communications Commission  
445 12<sup>th</sup> Street, S.W.  
Washington, DC 20554

Dear Ms. Austrie:

This regards the E911 Phase II Carrier Implementation Report ("Report") required to be filed by wireless carriers by November 9, 2000.

Sea Breeze Partners, L.P. ("Sea Breeze") holds three Federal Communications Commission licenses to construct and operate broadband PCS systems.<sup>1</sup> Sea Breeze, however, has not yet completed construction of its systems or commenced operation under those licenses. According to staff in the Wireless Telecommunications Bureau ("WTB"), a non-operational licensee need not file a Report until it actually commences service. Instead, such licensee should submit a letter to the WTB indicating that it has not commenced service, which is, of course, what we are doing hereby.

If you have any questions regarding this matter, please contact Paul Jamieson of Piper Marbury Rudnick & Wolfe LLP. His telephone number is (202) 861-6917.

Sincerely,

SEA BREEZE PARTNERS, L.P.
